

Soothe your **SENSES...**

Innotec[®]
Strength to stand for life.....

The
INNOVATION
starts from here...

InnoTtec[®]
Strength to stand for life....

We love the word 'INNOVATIVE' & we worship innovation. In last 20 years, we have incorporated innovation in our each & every product.

You would wonder what exactly we mean innovation in the products like Stainless Steel Hinges, Tower Bolt, Pull Handles, Mortice Handle, Cabinet Handles, Cabinet Knobs, Glass Door Fitting, Spider Fitting, Glass Patch Fitting, Shower Fitting, Stainless Steel Screw. You just see the craftsmanship, finesse of our product and you will feel the difference.

When we talk about technology & infrastructure, we can proudly say that we have most advanced machinery and state of the art manufacturing facility. And yes we craft our products from high grades of Stainless Steel like 202, 304 & 316. Also we have introduced product range in **Jindal J-4 Grade** which has high rust resistance & anticorrosive properties.

The Organization is professionally managed under the able guidance of Mr. Rohit Savalia supported by a team of dedicated executives, engineers and experts. Innotec products are manufactured under ISO 9001:2008 norms and CE certification, only in order to exercise total Quality Control. We have state of the art R&D division besides having in house design studio and tool room to Innovate and develop new design dies, jig & fixture.

Today the world needs an architectural solution for their residential & commercial facilities. And we ease out & soothe consumer's senses by providing wide range of products with the touch of quality under single roof.

Welcome to the tour of **Innotec** premium hardware products. Some are old and some are as fresh as the dew drops. The whole new world of selection for the quality you want. And if you still feel customized designs, just drop us a word and we will cater to your demand.
